**SINGAPORE QUALITY CLASS**

---

Thomson Medical Centre Limited, (Thomson Medical) is pleased to announce it has attained the prestigious status of being a Singapore Quality Class (SQC) organization in May 2006.

The status is conferred by Spring Singapore to selected organizations recognized as progressive, dynamic and committed to achieving business excellence in 7 dimensions, namely; leadership, planning, information, human resources, processes, customers and outcomes.

Attaining the SQC status is a recognition that Thomson Medical is vision-driven, strategic, value-focused, innovative, responsive, efficient, customer-centred and results-oriented. Said Mr Allan Yeo, Thomson Medical's Group Chief Executive, "We are really pleased to have been awarded the SQC status. We owe it to our patients, doctors, partners and staff who have so inspired us in our pursuit of business excellence. We would like to thank them for their unfailing commitment and continued trust and support. The awarding of the SQC status is indeed an important step in our journey towards achieving world-class standards of service and business excellence."

Submitted by Foo Soon Soo (Ms), Company Secretary on 25 May 2006 to SGX-ST.
